

1 Busselton Automotive Repairs, BUSSELTON, WA 6280

Multi Revenue Stream Workshop. Easy to Run

Are you a qualified mechanic? Dreaming of being your own boss? Do you want a proven, easy to run profitable workshop?

This great little workshop is a licenced Department of Transport Inspection Station. They are also the only Natrad Radiator Franchise in the lower Southwest of WA. As well as these two income streams the workshop also carries out automotive repairs and maintenance. This business ticks a lot of boxes.

Currently the business is owned by a husband and wife team. The husband is a qualified mechanic and runs the workshop, whilst the wife works part time with office and administration duties. The business also employs a part time mechanic that currently does about 15 hours per week. The business is well run and shows a good profit.

This is your opportunity to buy an affordable, well-established business that has been around for 25 years.

A further added bonus to this business is the location. Imagine working in one of Western Australia's most beautiful towns with the pristine waters of Geographe Bay beckoning you in your days off.

It sounds fantastic doesn't it?
