SOUGHT AFTER LOCATION - Well Elevated Home

Wow, this will not last long. When a home is located in that zone that all are chasing you can expect interest to be high so please be quick.

The home is very well presented with two bedrooms up and two down so it is perfect for that large family or even the retiree looking for a little extra \$\$ with AirBNB.

With a few minor additions this home would be a masterpiece. There is a new deck out front and any buyer will need to repair or we think extend the rear deck. A very functional kitchen and a super comfortable living area upstairs that take in great views over Smoky will make entertaining easy.

Double garage with internal access and drive through capabilities this will also suit the golfer with it only being a short stroll away.

This is expected to sell quick so please call us today and arrange your inspection today.
