What a brilliant listing this is. The main house has 1 bedroom but there are so many sleeping amenities available in the numerous caravans and donger. The main home has electricity, septic, land line all connected, beautiful kitchen/lounge/dining combined, modern bathroom, airconditioning and wood heater covering all the seasons. The donger has been decked out but will not come with all the furnishings. This would be an ideal country bed and breakfast, or just buy and have the family visit as much as they want. Down the back of the property there is a motorbike track with jumps already in place. Plenty of rainwater storage, the list goes on. Happy to set up an inspection with a booking made in advance.
