Elevated Farming Opportunity

Situated in the heart of traditional 'wheat and sheep' country "The Block" features a good proportion of quality arable land set high in the landscape west of Wagin. Consisting of 6 lots pastured for sheep for the past 6 years, the Block has been recently limed and supered each year. Pastures were recently spray topped ready for cropping in 2026. Abundant water is supplied from a soak with running water for most of the year and pumped to tanks on the hill. The farm is clean and tidy, with mostly near new 7-line ringlock fencing including basic sheep yarding facilities. This is a great opportunity to increase your landholding or gain a new foothold in this sought after area. Call now to arrange a private inspection in time for auction on 19 December.
