JINGILI CLASSIC – FIRST TIME OFFERED IN 54 YEARS

After 54 years in the same loving hands, this much-loved family home is finally ready for its next chapter. Solid, honest, and beautifully maintained, this classic sits in one of Jingili's most tightly held pockets.

Featuring three exceptionally large bedrooms, the kind you simply don't see in modern builds. The floor plan is simple, functional and filled with potential, making it an easy home to live in now with plenty of room to personalise later.

Outside, the manicured gardens and expansive lawn reflect decades of care. This yard has raised kids, hosted birthdays, survived wet seasons and now it's ready for new memories.

The updated Colourbond roof adds peace of mind, while the double carport provides excellent covered parking and storage.

This is a genuine Jingili gem-solid bones, huge bedrooms, beautiful block, and a lifetime of love behind it.
