

Dwarlacking Road, BULYEE, WA 6306

Realised Potential At Bulyee

378.37 hectares, 934.95 acres

Recognising the block's potential a few years back, the owner took on the challenge and transformed the property into a farm to be proud of. All internal fences were removed, all rubbish cleaned up and mallee roots and stumps picked. One paddock has been limed with Hical, the southern paddock has had 2t/ha gypsum applied for three years. The farm has been seeded with a DBS for 3 years now and much effort has been made to build up the organic matter in the soil, no burning. Oats canola and barley have all yielded well and canola stubble has been chopped ready for 2026 crop. Don't miss this add on opportunity set up ready to go.
