

GOOTCHIE QLD 4650

Tucked away from it all

The setting is perfect, hidden in the fertile rolling hills of Gootchie. Gootchie you say where is that? Just a short 25min drive north of Gympie, 10mins to Tiaro or only 30mins south of Maryborough and about 5mins off the main highway.

The home is facing north set well back on the 158 acre block positioned on a small hill over looking the rest of the property. The house is a colonial design for a couple or small family featuring: three bedrooms, timber kitchen, cathedral ceilings, lots of windows and sliding doors for light and to catch the breezes.

Around the property is a set of timber cattle yards, 9x6m machinery shed, double lock-up garage and workshop with toilet and power. The land is mostly cleared with several dams and creek frontage and one stand of trees for privacy and a nature corridor.

- Land Area 158 acres
