

980 Greendale Road, GREENDALE, NSW 2550

STUNNING VIEWS - OFF GRID LIVING

7.96 hectares, 19.67 acres

This block has an incredible combination of views, size, pasture and location. It is a must to inspect for anyone looking to set up a sustainable hobby farm in the Bega Valley.

The Greendale/Angledale area has long been one of the prime farming areas on the Far South Coast and this 20 acre parcel provides a rare opportunity to secure a small acreage in this area.

Excellent pasture covers the block and the rich soil and ability to utilize north facing slopes for planting makes this an excellent site for a self sustainable hobby farm.

Whilst there are a number of different building spots, we feel the best site offers a protected, relatively level, north facing building site that will benefit from a well designed, solar passive home. This is a build your dream home type block.
